Another word on elections between
the parties we know and love

Republicans, the grand ol' party,
or Democrats, the donkeys,

I know you could not hear me
if I said "Vote gubernatorial!"

But I wish you would vote
for something more than a party

Because we all love those,
and we know them ahead of time

Now, you might have thought
this would be a rhyme

So, in this supposed drought
if I had the time,

I would vote if I could
but Odun and Merlon stood

To maybe block me for life
in Alabama, the knife.

workers get paid to give things to people without getting caught! This is the hardest thing in the world — to not get caught, because once you realize G.I. knows everything, you are either in prison or set free. When things hit the fan, people start to get hot and bothered — eventually turning to porn from past habits — this is seen as a run on sentence — you run on sentence after sentence until finally the fan is on fire and you've cooked the books too many times for any one to trust you any more — amazon

"lassoing winds"

So I was sitting down in
the mental ward table (group room)
and I looked to my right
And I saw a slapping young lad
looked intelligent and smiling
Then I said something to him
and he made a humph sound
and smiled brighter

His name is Andrew Gearwood

The thing was he struck
the shoguns in me

And later on in this same stay,
we were doing morning exercises
and we were standing in a circle
and I found I could not move
nobody seemed to notice
and I still could not move
a muscle! At all! (in the hall)

At first it was unembarrassable
and then I shortly accepted it,
Finally we walked the round in
the outside play ground area
Our physical teacher was named
Andy and he was also very
nice, friendly, Christian, and
awesome.

Nature and the Mystical Experience
(the authentic mystical experience)

"To become Digitally Immortal"

By giving up freedom
or free will →

With going under more laws
or more rules →

For instance, being downloaded
into a computer "singularity" →

We lose free will + freedom

We come under less options

We will be less happy
and enjoy less time

Yes, men wrote the wonderful
thing probably over hundreds of
years — also it survived a very
long time through incredible hard
ship — yes, it still speaks volumes
even to readers today — but yet
and still it is the Word of God.

James Elliot III is the ^{10/18/20}
best person in the
world. He likes me
so I like him. I like
me too. The thing about love is
most people hate!!

All people hate. Hate to hate,
and then hate some more.
Hating hate we hate them
less and less loving hurting
them for all they do
for all they want to do —
for they themselves are in
control as we are.
