

RADICK FAIR FORCE COME!

FUANTUM (Chas Ellis)
8/6/2026

Why are people so
cruel in humor?

Why do we smile and
laugh only in love?

How does that work?

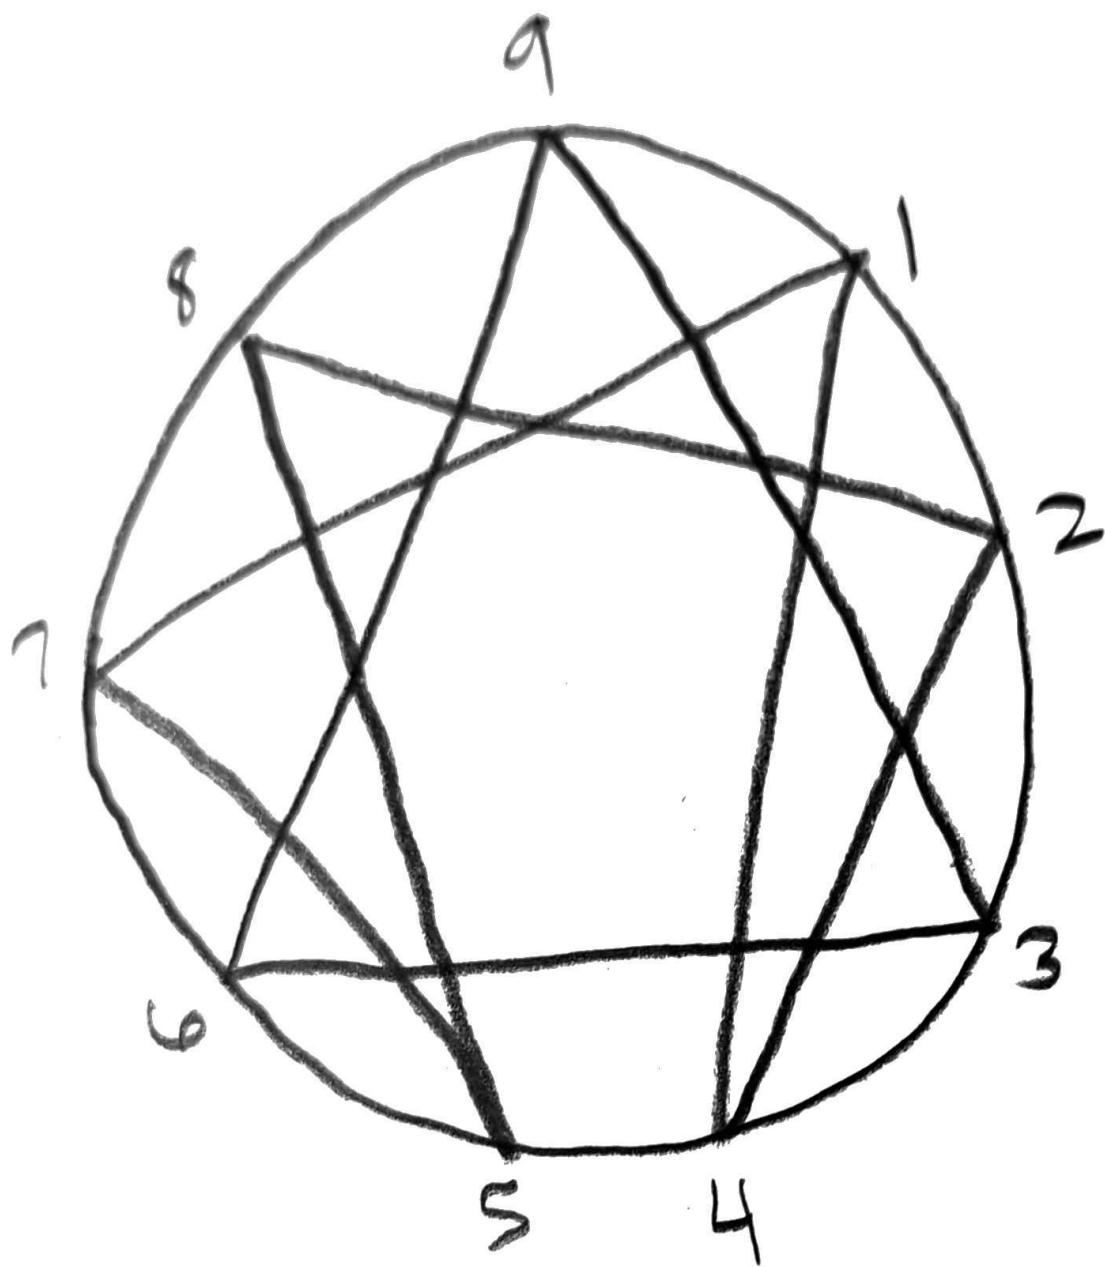

Is Happiness free?

Why can't I think for
myself?

I cannot see the
roads for the trees.

I wish I could.

* screeches to halt *

Freedom comes at
a price.

Is that free?

No, it is not.

I ask you, is anyone
free right now on
Earth?

Some think beggars
would ride with free kids.

He wasn't kidding with
his actual thoughts the
other day, though, maybe.

Laughing in honor?

Is that possible?

Could we be more

calm and still laugh?

would that mean increasing
loyalty for your causes?

Watch yourselves!

be happy

actually really
be content and happy?
if I were why
would you be somewhere
else than where you
were at? why would
you need to go
going
happy

When someone is really
happy they are usually
less dependent. Mostly
independent people are
really, actually happy.
Happiness is not such
an impossible thing
nor a bad thing.
It is a good
even great goal.
